**DISSEMINATION OF LOCAL GOVERNMENT PERFORMANCE ASSESSMENT RESULTS FOR MASINDI DISTRICT FY 2019/2020**

You will recall in the month of October 2020, the Office of the Prime Minister (OPM) hired a consultancy firm to carry out performance of service delivery in 153 Local Governments, of which 134 were District Local Governments and 19 Municipal Local Governments, Masindi District Local Government inclusive.

The results have been released and below in particular is the performance of Masindi District Local Government.

Measure	Overall Percentage Score	Position in the County
Cross cutting minimum and performance measures	57	11
Education Department minimum conditions and performance measures	68	23
Health Department minimum conditions and performance measures	22	111
Water Sub Sector minimum conditions and performance measures	48	34
<b>Overall performance</b>	<b>49</b>	<b>30</b>

It should be noted that, Local Governments performance results have a far reaching impact on allocation of Development Grants; where by allocation of Development Grants is now two fold.

- i. Allocation drawn on a need based formula.
- ii. Allocation based on the performance assessment results computed as percentage of minimum conditions met, multiplied by the results of the performance measure, divided by 100 and then weighted with the basic sector allocation formula, where by save for Health where basic formula percentage is 0, the share of basic formula for DDEG, Education, Water and Environment is 50%.

In view of the above, in order to improve on our Development Grants allocation share, it is imperative that all efforts should be made to improve on our service delivery standards.

Attached, please find a summary of the performance results. A soft copy of the detailed report can be assessed from the District Planner - Masindi and on the website; [www.budget.go.ug/lgpas](http://www.budget.go.ug/lgpas)
